

It is not our differences that divide us.  
It is our inability to recognize, accept,  
and celebrate those differences.

First outdoor planting in mid-March —  
peas

• Second planting in late March/early April  
— beets, scallions, cilantro, carrots

- Third planting in mid-April — lettuce, broccoli, spinach, chives, fennel bulbs
- Fourth planting in late April/early May — carrots, cilantro, dill, cauliflower
- Fifth planting in May — pole beans, summer squash, lettuce

• Sixth planting in early June — cucumbers, corn

• Nursery-bought plants — the biggest that I can find

(Dominic planting starts)

(egg cartons are a great way to get  
starts going too)

## Garden Verse

A little seed for me to sow  
Some earth to help it grow  
A little dirt  
A little Pat  
A little wish, and that is that  
Some golden sun, and silver shower  
And soon will sprout a flower!
