“ If there is anything that we wish to change in the child, we should first examine it and see whether it is not something that could better be changed in ourselves.” C.G. Jung

(seal finger puppet)

Smooth and slippery slippery
seal, dives deep in the water
full of zeal.....

Have fun with your child
making a simple puppet show
and or story with the seal, you
could even make a felt ball that

goes on the finger of a free hand for the seal to play with as the poem is spoken, or encourage your child to come up with their own seal story!

(chick sown together)

A link on how to blanket stitch

Baking Day!

Attached is a sourdough bread recipe, it takes time and let your child be apart of the process, watching the bread rise, allowing for the sensory experience of different textures the dough takes through out the process. And have fun with it!
