Involved parents are vital to the health of schools. **At Olympia Waldorf School we request that each family volunteer an average of 5 hours a month, 60 hours a year.** This is a family total, so all family members and friends can participate. Teachers also have classroom volunteer lists, which are taken into consideration. We do not track your time, just hope you understand the positive impact of parent participation. On this form, we ask you to indicate how you might be willing to share your time and talents. ***Remember, you are simply indicating your interest on this form.***

What skills would you like to share with the general operation of the school, at festivals or in classrooms?
Please make notes in the margins if you'd like!
